

## Photography Negotiation Form

This form allows all involved in a shoot to set expectations on what types of photos will be taken, how they will be used, and how they will be credited to each participant. This form does not supersede any model releases. It is meant to track the often complicated posting guidelines and credits for each part involved in production.

### Directions:

Fill out each line below. Be sure to strike out all blank lines or write N/A. Models, keep physical copy of this form. Photographers take a photo and provide a digital copy to Model(s) and all Other Production Staff.
